

**The Mountain Valley Chapter Of
The Sons Of The Utah Pioneers
R. Raymond Green MD, Pres
29 Jan 1998**

Dear Richard M & Mrs Buys:

**Recently, one of your employees gave to me a copy of your recent publication:
"Mountain Valley Magazine,"**

**Congratulations! It is a wonderful contribution to our Valley. Thank you for all
you folks do to keep us informed, exhilarated and enthused about our part of this
great planet and more precisely about OUR VALLEY!**

**For the last two years our Wasatch County Fair has also brought into focus and
we celebrate a: "Mountain Valley Stampede,"**

**You know, as the saying goes: "What goes around, Comes Around," but it is
certainly true.....There is a tradition or legend or whatever, That: Once, long
ago, the Utes and the Shoshoni Indians shared this lush, groved valley as a hunting
ground of plentiful fish, deer and smaller animals. It is also thought by some
investigators, that the Utes were an off-shoot of the Shoshoni band of our Bronze
Blood Brothers.....maybe that is why they shared this area.**

**The next thing, which is valuable and why I congratulate you on your choice of title
for your magazine, is, that those tribes of which I write (above), called this Valley:**

**"THE MOUNTAIN VALLEY" (referring to Mt "Timpanogowitz")
Call it what you will: coincidental, fortuitous, happenstance or well-designed, But I,
for one, congratulate you on the WELL-DESIGNED choice of the Title
of your new, "Mountain Valley Magazine!".....**

**This Story is the reason, we of the Sons of the Utah Pioneers, chose the name
for our Chapter to be:**

**"THE MOUNTAIN VALLEY CHAPTER Of The
SONS OF THE UTAH PIONEERS"**

**I suppose we ought to let the Chamber of Commerce know about this inovative,
fortuitous, intuitive, coincidental or Well-Designed naming of Our Valley.....
by four different prestigious entities, even in four different Time Frames.**

Sincere Congratulations, Again!

**R. Raymond Green MD, Pres of
